## LIONS **World** sight day

An Activity for Lions Clubs

### What Is Lions World Sight Day?

Lions World Sight Day (LWSD), which was created to recognize and reinforce the importance of eradicating preventable blindness, is held annually on the second Thursday of October. Lions clubs around the world are encouraged to participate by sponsoring local activities and programs, either on Lions World Sight Day or some time during October, to educate their communities about the need to conquer preventable blindness and preserve sight.

### Why Should Your Club Participate?

The World Health Organization estimates that the number of blind people in the world could double in the next 25 years. To combat the leading causes of blindness and to assist in preserving vision, Lions clubs must take action.

Your club can join thousands of Lions in a global effort to educate the public about the importance of proper eye health care. Although Lions World Sight Day activities will be publicized on a global level, it is just as important to share this event's message with the people of your community. By publicizing your activities as part of a worldwide event, you will not only gain exposure for Lions World Sight Day, but also gain recognition for the programs that your club provides to your community

### EDITORIAL

Dear Fellow Lions

**ASK:** What is your commitment by getting your Lions Club to be a LSSC Ordinary Voting Member?

Honestly, **NOTHING!**

1. There are no mandatory membership dues
2. There are no mandatory fundraising projects
3. There are no mandatory service activities
4. There are no mandatory duty & responsibility

**Everything about Lions SaveSight Centre (Singapore) is voluntary and about genuine volunteerism. No Lion member or Lions Club will be asked to do more than what they want to do. Yes, our Lions Clubs decide what they want always.**

**So what are we talking about?**

Lions SaveSight Centre (Singapore) is licensed to use the name LIONS and the Lions Emblem and a registered society with the Registrar of Societies, Singapore since 1 July 2008.

**Lions SaveSight Centre (Singapore) is set-up to provide patients with chronic eye diseases requiring long-term eye care with quality step-down eye care in the most cost-effective setting to minimize waiting time and costs to these patients, but most importantly, save sight by screening, early diagnosis and referral for treatment to prevent disease progression and visual loss.**

- said Honorary Lion Professor Donald Tan

**When as a result of escalating cost, millions of the neglected people of Southeast Asia continue to suffer the misery of blindness, at a time when modern ophthalmic care can ensure good vision for all at low cost, I appeal for action, for change. Our skills and money are of value only if used to benefit the less fortunate.**

- said Honorary Lion Professor Arthur Lim

**The world is full of suffering. It is also full of overcoming. Of all senses, SIGHT must be the MOST IMPORTANT. Alone we can do so little; together we can do so much. It is terrible thing to see and have no **vision**."**

- said Helen Keller

## **ABOUT LIONS SAVESIGHT CENTRE (SINGAPORE)**

**This speech scheduled to be delivered by PDG Han Thien Fong at the District 308-A1 FIRST CABINET MEETING on Saturday 31 July 2010**

**DG Steven Seah, Past Officers of the Association, Cabinet Officers**

**Thank you DG Steven Seah for extending to me the privilege to address this District Administration on Lions SaveSight Centre (Singapore)**

**Lions SaveSight Centre (Singapore) is licensed by Lions Clubs International (Legal Division) to use the name LIONS and the Lions emblem. This society is also registered with the Registrar of Societies, Singapore on 1 July 2008 to conduct sight preservation, awareness and action. LSSC indeed is very privileged to have prominent and world renowned ophthalmologists like Prof Arthur Lim as the Chairman and Prof Donald Tan as the Deputy Chairman. LSSC has a simple majority of Lions Clubs in Singapore supporting it in writing, just like LBSA.**

**It is not a critical issue whether LSSC gets endorsed as a District Program, so long as this and all future District Administrations do not include in their District Club Recognition Awards Criteria with specific fundraising and/or service activities favoring only District Programs at the expense of other activities associated with LCI's 23 other official programs which LSSC is in. LCI's First and Primary Service Global Program is Sight Preservation, Awareness and Action started since 30 June 1925 at Cedar Point, Ohio, USA Convention where the legendary Helen Keller challenged the Lions to be the **KNIGHTS OF THE BLIND**. Campaign SightFirst and CSFII mounted by LCI raised over US\$400 million worldwide and Singapore Lions too made our contributions.**

**Lions Home for the Elders was started by 8 Lions Clubs in the early 80s. Lions Befriender Service Association was endorsed by 43 Lions Clubs in the late 90s. These 2 societies subsequently amended their Constitution and By-Laws to include all Lions Clubs registered under District 308-A1, thus their 100% Singapore Lions Clubs support. Do both these so called District Programs really have 100% supports from the Singapore Lions Clubs? Your guess is as good as mine.**

In the beginning of LBSA, there were rumblings from LHE supporters that the few and precious Lion manpower resources will be over-stretched. The selling point then was LHE is about fundraising and LBSA is the service arm. LBSA was supposedly a 100% funded program of MCYS. Unfortunately, it was not to be for long. LBSA too eventually got to raise funds for its activities. But look today, LHE & LBSA are both service and fundraising combined and look at how they worked even in Joint Flag Days as well. **Now the same rumbling is about LSSC.** My personal view is LHE, LBSA & LSSC are all registered societies in Singapore and have their own respective Management Board, who should work hard to resolve their own problems, if any, especially fundraising. Cut our clothes according to the size of the cloth. **Motivate our Lion leaders and members to do more but not less.** We should learn how LCI is constantly exploring new service initiatives and seeking out new service partners to serve our community. LCI is already into another initiative: LCIF supports the Measles Initiative with Grant from Bill & Melinda Gates Foundation. The Measles Initiative is a long-term partnership among world leaders in public health that aims to reduce measles morbidity globally. UNICEF, WHO, U.S. Centers for Disease Control (CDC), American Red Cross, and the United Nations Foundation are among the organizations contributing to these efforts.

Last fiscal year, the District Governor was wise enough to waive the fundraising criteria restrictions at the last minute by including funds raised even for Lions SaveSight Centre (Singapore), LCI Haiti Earthquake Relief and also the Vijay Shrestha Fund in the final District Club Awards evaluation. This year, the District Governor is even wiser by adding in the **District Club Recognition Awards 2010-2011**, I quote: "Fund Raising may be initiated for various Lions programs or even for non-Lionistic programs, with more weight given to Lions programs". This indeed, is what I call blue-eye Lion Leadership.

LSSC is a partnership with Singapore National Eye Centre, Singapore Eye Research Institute, Diabetic Society of Singapore and District 308-A1 and we are able to attract several medical professors, ophthalmologists, doctors and administrator to become Lion members and there are many more out there waiting to be tapped. This indeed is the new trust for the Lions Movement in Singapore.

As a parting note, you may be surprised probably even our District Governor may be surprised to know that in this District Cabinet, we have 65 Lion members of which all the 8 Present and Past Officers of the Association are members in Lions Clubs that support LSSC, with a Cabinet Secretary, 3 Region Chairpersons, 11 Zone Chairpersons and 17 District Chairpersons i.e. **40 out of 65 District Cabinet Officers or almost two thirds of this District Administration are Lion members from Lions clubs which support Lions SaveSight Centre (Singapore).** Furthermore, in the pipe line is the proposed amendment of the LSSC Constitution and By-Laws within this District administration to include all Lions Clubs chartered within the Singapore District as LSSC Ordinary Voting Members, just like LHE & LBSA. This way, we shall spare ourselves the unnecessary obstacles before us and thereafter like LHE & LBSA, LSSC also have the "100% Singapore Lions Clubs support and involvement"!

Thank you for your attention.

# Global Service Action Campaigns

The focal point of this year's Presidential Theme "A Beacon of Hope" is service. To show the strength of our worldwide network and to shine our light even brighter, Lions have the opportunity to participate in four special service action campaigns throughout the year.

## August – Engaging our Youth

Invite Leos and youth in your area to help organize and participate in a service project. Projects may include school or community facility cleanups or a visit to a home for senior citizens or a children's hospital. Allowing youth to develop and lead a service project enables them to learn skills while emphasizing the role of service.

## October – Sharing the Vision

**Plan vision health projects and work with the visually impaired. Many Lions already celebrate World Sight Day in October. This is a great month to organize a vision screening, volunteer at a nearby Lions Eyeglass Recycling Center, organize an eyeglass collection or an activity to benefit the visually impaired in your community.**

## December/January – Relieving the Hunger

Organize food drives and projects to feed the hungry. With the downturn in the global economy, many hunger relief organizations are finding it difficult to keep up with demand. Help alleviate hunger by planning events around the end and beginning of the calendar year to collect and distribute food.

## April – Protecting our Planet

Implement projects that improve and protect the environment. Organize a highway clean up, plant trees or plan a community "Earth Day" event to collect recyclables such as aluminum cans, plastic bottles, used cell phones and batteries.

**"a ray of light from another soul  
touched the darkness of my mind  
and I found myself .....  
and broke through the dark, silent imprisonment which held me."**

for a promise of a better tomorrow.  
They are the Beacon of Hope."**

## **Foundation Launches Public Awareness Campaign on Sight**

Beginning in July and running through the fall, Lions Clubs International Foundation is raising public awareness of vision and also the Foundation through 1,000 billboard advertisements along roadways throughout the United States. The billboards encourage people to think about the importance of their vision while highlighting that saving sight is a primary initiative of Lions Clubs International Foundation. The billboards read: "Our Vision is that You Don't Lose Yours" and encourages the public to visit [www.lcif.org/sight](http://www.lcif.org/sight) for more information. The artwork incorporates the recently updated look for LCIF and can be viewed at [www.lcif.org](http://www.lcif.org). The campaign follows on a similar, successful billboard advertisement campaign by Lions Clubs International aimed at membership.

###

Lions Clubs International Foundation is the charitable arm of Lions Clubs International, the largest service club organization in the world with 1.35 million members in 206 geographic areas and countries. LCIF was ranked by a Financial Times' study as the number one non-governmental organization with which to partner. The LCIF SightFirst program, Lions' flagship initiative, builds comprehensive eye care systems to fight the major causes of blindness and care for blind and visually impaired persons. Since 1990, the SightFirst program has helped restore sight to more than 30 million people around the world, having invested US\$237 million in surgeries, the improvement of hundreds of eye care facilities and training of thousands of eye care professionals. For more information, visit [www.lcif.org](http://www.lcif.org).

Our target is 480 seniors sponsorship. However, should we exceed target, then the excess sponsorship shall be used for the next eye- screening, tentatively in the first calendar quarter of 2011.

As there are only limited seats at the Jelutung Community Club @ Canberra mini theatre, attendance participation shall be on a first come first served basis.

If there are any variations in the Lion Members Participation and Seniors Sponsorship, please let us know.
